EXPERIENCE

FLYDOCS INDIA PVT. LTD. | TECH-OPS AUTOMATION INTERN

Feb 2026 – Present | Vadodara, Gujarat

- Developed Python-based automation systems to validate and process aviation maintenance documentation, improving accuracy and reducing manual review effort.
- Automated document extraction, verification, and compliance checks using Selenium and custom validation frameworks, accelerating engineering operations.
- Implemented intelligent document-processing solutions using OCR and pattern-matching techniques to extract, validate, and analyze aviation maintenance records with high accuracy.
- Enhanced process efficiency by standardizing validation logic and reducing turnaround time for compliance-related engineering tasks.

GSFC UNIVERSITY | ACADEMIC ASSOCIATE

Jan 2025 – Nov 2025 | Vadodara, Gujarat

- Assisted in delivering laboratory sessions on C and C++ programming, reinforcing core concepts including data structures, object-oriented programming, memory management, and file handling.
- Simplified complex computer science concepts such as dynamic memory allocation, file I/O operations, pointers, and class architecture through hands-on demonstrations and technical guidance.
- Evaluated programming assignments and provided constructive feedback to improve code quality, problem-solving skills, and software development proficiency.

ONGC | MACHINE LEARNING INTERN

Dec 2024 | Vadodara, Gujarat

- Developed an end-to-end real-time speech processing pipeline integrating Automatic Speech Recognition (ASR), speaker diarization, and noise reduction techniques to generate accurate speaker-attributed transcriptions.

PROJECTS

SMART CCTV SURVEILLANCE SYSTEM | MINOR PROJECT - 2

July 2025 – Nov 2025

- Developed an AI-powered smart surveillance system using Python, OpenCV, and YOLOv8 for real-time object detection, tracking, and security monitoring.

THYNK AI: A SMART WEB-BASED MINI PROJECT

GENERATOR | MINOR PROJECT - 1

Jan 2025 – May 2025

- Published the project and its underlying methodology in the Novyi Mir Research Journal (Vol. 10, Issue 5, May 2025), a UGC Care Group-II indexed journal.

EDUCATION

GSFC UNIVERSITY

BACHELOR OF TECHNOLOGY IN
COMPUTER SCIENCE AND
ENGINEERING WITH SPECIALIZATION
IN AI, ML AND DATA SCIENCE
2022 - 2026 | Vadodara, Gujarat

SKILLS

PROGRAMMING

Python • C/C++

Familiar:

JAVA • JavaScript

TECHNOLOGY

Git/Github • Machine Learning
Artificial Intelligence • Automation
